

Care for the environment and the church

You'll notice this Eco Fair is in a church. Christians believe God created the world and instructed us to care for it - something we haven't done well.

We should all be concerned about climate change, biodiversity loss, and pollution. As a church, we have added motivation - we care because we believe God cares about us and our world.

Tell us what you thought of today

We would appreciate your feedback to help us make future Eco Fairs even better. Please scan this QR code to share your thoughts.

**Thanks for coming to the first
Heart of Norfolk Eco Fair – we
hope you enjoyed it!**

Donations are welcome to cover event costs and sustainability projects. Scan the QR code below or text '**HONBNR20 give £**' to 07380 307 800 and select Heart of Norfolk Eco Fair.

Thank you.
